LB 410

because there was no committee hearing, only learning about this Monday or Tuesday of this week, I believe it was Monday and Tuesday of this week when they first learned about it through articles that were written in the World Herald, I would ask that this bill be passed over so that I have an opportunity to offer these amendments at a time where there are 45 or 46 or 47 legislators here so I have a reasonable chance of having them adopted.
